UTILITIES

Gas Service	Natural gas is supplied in Allen County by two NiSource subsidiaries, Northern Indiana Public Service Company (NIPSCO) and Northern Indiana Fuel and Light (NIFL).
Electric Service	The major electric utility serving Allen County is Indiana Michigan Power (I&M). Some areas of Allen County are served by Northeastern REMC, United REMC or Paulding Putnam Electric.
Municipal Water	About 70% of the population of Allen County is served by City Utilities, which is the largest municipally owned water utility in Indiana.
Municipal Sewer	City Utilities is also a major provider of sanitary sewer facilities for both the city and county.
Garbage collection	The City of Fort Wayne offers full garbage and trash pickup service for all residents. Other local municipalities also provide garbage collection service. Businesses and residents outside the city limits may arrange for private service.
Tele-communications	All Tier I carriers serve the Fort Wayne rate center, and several other telecommunication service providers maintain a presence in the market. Carriers of national significance available include AT&T, Sprint, Verizon, Qwest, Comcast and Level 3. Long-haul access routes are available to major telecommunication exchange points, including Chicago, Indianapolis, Columbus and Detroit.
